RCI's Metal Roof and Retrofit Workshop

RCI Ontario Chapter's Metal Roof and Retrofit Workshop held October 23rd at Conestoga College's OIRCA Centre for Roofing Training in Waterloo was a great success with 2 presenters, 43 attendees and 3 table top displays!

The presenters went thru all the various metal roofing systems, covering everything from profiles, to assemblies, common details and warranties. Once the basics had been covered, the presenters then went thru different methods to restore, recover or repair all these different types of metal roofing systems.

RCI Ontario would like to thank our presenters:

Mr. Richard Bulley from National Coatings

Mr. Jean LeBeau from MJ Building Envelope Solutions Inc

RCI Ontario would like to thank our table top sponsors:

Kemper Systems Canada

Velux Canada

Firestone Building Products.
